CEIA's NEW Vision, Mission, and Values!

In January, CEIA's Board of Directors approved new strategic statements for the Association's Vision, Mission, and Values. Our core purpose and guiding principles are reflected within the newly crafted statements. We hope that CEIA members will find the words to be inspirational, forward thinking, and good descriptors of the Association.

Check out [Vision, Mission, and Values](#) on the website.

After reviewing the new language, please feel free to share any feedback with Peggy Harrier, CEIA's Executive Director, info@ceiainc.org.

Committee Member Recognition Reception

CEIA wishes to thank committee members for their outstanding service to the Association during 2018-2019. To honor our volunteers, we will be holding our 3rd Annual Committee Member Recognition Reception at the conference in Chicago. If you served on a standing committee or volunteered to be a State Representative, please make plans to join us for this casual reception on Sunday, March 31, 4:30 – 5:30 pm.

CEIA Academy: Developing Leaders in the Field

Each year, CEIA hosts a training session for newcomers in the field (professionals with three years or less experience). A small cohort of professionals will gather at the Manor Vail Lodge, Vail, Colorado for the CEIA Academy. This intensive training program will be held June 11-13, 2019. The wonderful venue and retreat setting will serve as a backdrop for this two-day leadership development program.

We are excited to announce that the Academy has new curriculum, which was developed by CEIA board members Zach Osborne and Joe Catrino. Attendees will experience:

- Peer mentoring and networking activities to build a cohort of new leaders in the field
- Valuable tools, tips, and techniques to incorporate into your program
- An introduction to the Academy Project concept, using Design Thinking Approach
- An introduction to the DACUM to explore your role in experiential education
- Best practice presentations on how to promote and advocate for your experiential learning program
- An opportunity to discuss the importance of data collection and management

Please consider attending (or sending your new leaders!) to the Academy. For more information, please visit our website for the [Academy Details](#).
